

WHY PAYCOR

Paycor is the Only HCM Software Built for Leaders in Healthcare.

Paycor is the first HCM partner that delivers targeted, industry-specific product solutions to the leaders and managers of healthcare organizations. For more than 20 years, we've been listening to and partnering with leaders in healthcare, including outpatient care centers, physicians' offices, hospitals, and long-term care facilities, so we know the challenges you face—turnover, labor costs, staff shortages and compliance to name a few. **To pursue your mission and vision, you need a unified core HR platform that can solve your organization's biggest challenges and integrate with top healthcare solutions.**
